HOTEL GROUP DEVELOPMENT IN THE UNITED KINGDOM

Summary: hotel group development in the
United Kingdom

Investment: 2,5 Billion USD

„Late August of 2016, the Company attracted its first major client that fit the investment criteria of the new division and was subsequently engaged by a „reborn and historically iconic“ United Kingdom hospitality brand to assist in the raising of up to, but not limited to, US\$2.5 Billion for the construction and acquisition of a number of prime location properties in the hospitality sector in the UK. The new client noticed a significant and innovative niche in the United Kingdom hotel market and will be involved in building new hotels and also acquiring existing properties on a nationwide (UK) basis.

The initial targets, within the first phase of the client’s business plan, amounts to an initial investment requirement of US\$250 to US\$300 million structured around two or three assets. The assets themselves form part of an extensive list of target acquisitions to be brought into the Group over the next three years with an ongoing capital raising strategy. Management of the Group are seasoned in the hotel industry and have a deep depth of knowledge of the sector, the offering, the value and the potential targets.”
